ALM 3222

The next generation in fully automatic laminating of digital prints, the all new ALM3222 offers many upgrades from the original ALM3220:

Features

- Heated rollers for crystal clear, scratch-free laminations
- Micro adjustable side trimmers for precise flush cutting or the exact border encapsulation you desire
- Now handles up to 13" wide sheets (12.6" of film coverage)
- Built-in long mode operation for banner length prints
- 25% increase in speed over the ALM3220
- Operating with built in long mode allows sheets of infinite length to be laminated
- Automatically feeds up to 200 sheets
- Laminates copy paper or as heavy as 130# cover stock
- Automatic two side lamination or short one side work
- Automatic flush or sealed edge trim option micro adjustable for precise flush cut or custom encapsulation
