

Overlamine Thermal Roll Film

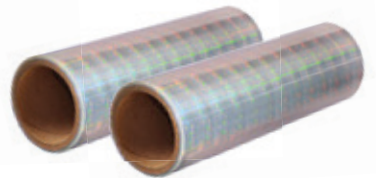

**Talent™ Radiant™ Light** overlamine film, is a clear overlamine featuring a distinctive light band pattern. The effect is an engaging visual display of light and color that draws attention and highlights the graphic elements of the printed piece. **Talent™ Radiant™ Light** boasts a seamless pattern so the eye cannot detect where the pattern repeats.

As a PET thermal overlamine film, **Talent™ Radiant™ Light** adheres to most print substrates while performing beautifully in post press applications such as die-cutting, folding, gluing, stamping and spot UV finishes. **Talent™ Radiant™ Light** stellar performance makes it an excellent finish for folding cartons, labels, book covers and POP displays.

Finally, because **Talent™ Radiant™ Light** is a clear overlamine product, it can be layered over other select Talent™ laminate films. A brilliant example would be in layering over Talent™ Brilliant™ Metalized Mirror laminate film for an added metalized effect while also protecting the surface of the Mirror Metalized™ laminate film.

**KEY BENEFITS**

- Clear Holographic Pattern Finish
- Tear Resistant
- Accepts Spot UV & Varnish
- Glueable and Stampable

**COMMON APPLICATIONS**

- Gift Packaging
- Premium Labels
- Point-of-Sale Displays
- Book Covers
- Premium Folding Cartons
- Rigid Box Packaging

Properties	Side	Value	Unit	Test Method / Standard
Thickness		1.6	Mil	DIN EN ISO 534
		39	Microns	
Haze		6.88	%	ASTM D 1003
Light Transmission		69	%	ASTM D 1003
Dyne Level		42	Dyne	DIN 55660-2
Application Temperature		190-210°F (95-100°C)	°F (°C)	Various Equipment - Always Test
Laminate Tensile Strength	MD	22.7	N/25mm	ASTM D 882
	TD	20.9	N/25mm
