Components & Assembly Details

Kit Contains:

- Performance Clear PET Shield
- Combination Hook & Loop Strap - 100 Pieces
- Soft Foam - 100 Pieces

Assemble in 3 Easy Steps:

Step 1	Peel off easy release liner to expose adhesive on foam.
Step 2	Attach foam to PET shield between die cut strap slots. (Note: alignment marks for easy positioning of foam)
Step 3	Thread combination hook & loop strap through die cut slot on shield.
Optional Step	If ordered with optional branding/logo sticker attach at top of face shield above hook & loop strap.
