TRIFOLD-360

Made in
Czech Republic

Folding unit TriFold-360 is designed primarily for folding of pre-creased material up to 350 gsm. It is ideal to combine the unit with AirSpeed-450, however it might be used also with competing creasers by other brands. TriFold-360 enables to create 5 fold types including the most common 1/2, C or Z. The fold is being achieved by combination of manually adjustable fold plates and high-diameter rubber rollers. This simple and inexpensive but revolutionary solution allowed us to create one of the most demanded product in the world of low-production digital press.

- Professional fold on all kinds of stock up to 350 gsm
- 5 fold types including 3 most common (1/2, C, Z)
- Simple connection with AIRSPEED-450
- Robust but simple construction for great price
- Precise, nicely ironed fold

Transport table & control panel
with regulation buttons
