

Certificate of Conformity

Grade : LFOGV, LFOMV

The supplied product is a BOPP (biaxially oriented polypropylene) film intended for use as polymeric packaging material.

This material is not a finished consumer article. The compliance of the final article remains the responsibility of the converter or manufacturer placing the final article on the market.

This declaration represents a supplier declaration supporting regulatory compliance of the product based on current knowledge and information available at the date of issuance.

This declaration applies to the product grades listed in this document.

- The supplied product is a polymer. In accordance with Article 2(9) of REACH, polymers are exempt from registration obligations under Title II of the Regulation.
- Where applicable, the monomers and other raw materials used in the manufacture of the product are either exempt from registration or have been registered by upstream suppliers in accordance with REACH.
- The product complies with the restrictions set out in Annex XVII of Regulation (EC) No 1907/2006 (REACH), including amendments introduced by Commission Regulation (EU) 2025/1731. This compliance statement applies to the product as supplied and under normal and reasonably foreseeable conditions of use.
- Substances listed in the Authorisation List (Annex XIV) of Regulation (EC) No 1907/2006 are not intentionally used or added in the manufacture of the product.

SVHC (Candidate List)

The Candidate List of Substances of Very High Concern (SVHC) referenced in this declaration corresponds to the list published by the European Chemicals Agency (ECHA) on 04 February 2026.

SVHC substances are not intentionally added and, to the best of our knowledge, are not present above 0.1% (w/w) in the supplied product.

This statement is provided in the context of Article 33 communication requirements.

Food Contact Regulations

The product is supplied for food contact applications, subject to customer-specific design and conditions of use.

Based on available test data, the product has been assessed for compliance with applicable food contact requirements in accordance with the following legislation:

- Regulation (EC) No 1935/2004 on materials and articles intended to come into contact with food.
- Regulation (EU) No 10/2011 on plastic materials and articles intended to come into contact with food, including its applicable amendments up to and including Commission Regulation (EU) 2025/2240.
- Regulation (EC) No 2023/2006 on good manufacturing practice (GMP) for materials and articles intended to come into contact with food.

This compliance statement applies to the product as supplied and under normal and reasonably foreseeable conditions of use and processing.

Supporting test results:

- Overall Migration: Pass

Simulant used	Test Condition	Result (mg/dm ³)	Permissible Limit (mg/dm ³)
3% Acetic Acid(W/V)	40°C for 10 days	N.D	10
10% Ethanol(V/V)	40°C for 10 days	N.D	10
Rectified Olive Oil	40°C for 10 days	N.D	10
Comment	-	Pass	-

- Specific Migration of Heavy Metals: Pass

Test Item	Unit	Migration Result	Permissible Limit
- Surface area to volume ratio	dm ² /kg	6	-
1 Specific Migration of Aluminum	mg/kg	N.D	1
2 Specific Migration of Antimony	mg/kg	N.D	0.04
3 Specific Migration of Arsenic	mg/kg	N.D	0.01
4 Specific Migration of Barium	mg/kg	N.D	1
5 Specific Migration of Cadmium	mg/kg	N.D	0.002
6 Specific Migration of Chromium	mg/kg	N.D	0.01
7 Specific Migration of Cobalt	mg/kg	N.D	0.05
8 Specific Migration of Copper	mg/kg	N.D	5
9 Specific Migration of Europium	mg/kg	N.D	0.05
10 Specific Migration of Gadolinium	mg/kg	N.D	0.05
11 Specific Migration of Iron	mg/kg	N.D	48
12 Specific Migration of Lanthanum	mg/kg	N.D	0.05
13 Specific Migration of Lead	mg/kg	N.D	0.01
14 Specific Migration of Lithium	mg/kg	N.D	0.6
15 Specific Migration of Manganese	mg/kg	N.D	0.6
16 Specific Migration of Mercury	mg/kg	N.D	0.01
17 Specific Migration of Nickel	mg/kg	N.D	0.02
18 Specific Migration of Terbium	mg/kg	N.D	0.05
19 Specific Migration of Zinc	mg/kg	N.D	5
- Sum of Lanthanide substances (Europium, Gadolinium, Lanthanum and Terbium)	mg/kg	N.D	0.05
Comment		Pass	

* 3% acetic acid(w/v) at 40°C for 10 days

- German LFGB Section 30 & 31 (Sensorial Odour & Taste): Pass

Test Item	Result	Permissible Limit
Sensorial examination odour (Intensity scale)	0	<3
Sensorial examination taste (Intensity scale)	1	<3
Comment	Pass	

40°C for 10 days

These results are provided as supporting technical information only and do not constitute a guarantee of suitability for all food contact conditions.

The suitability of the final article for its intended food contact application remains the responsibility of the manufacturer.

EU Packaging and Environmental Regulations

Based on current information:

- The product complies with the material composition requirements of Directive 94/62/EC on packaging and packaging waste (Total Lead, Cadmium, Mercury, and Hexavalent Chromium).
- The product has been reviewed against Regulation (EU) 2025/40 on packaging and packaging waste, where applicable and subject to transitional provisions.

Restricted Substances Declaration

Based on current knowledge and supplier information, the product is not intentionally formulated to contain the following substances or substance groups:

- Substances restricted under RoHS Directive (2011/65/EU) and its subsequent amendments, including (EU) 2015/863
- Bisphenols including BPA and related substances
- Polyfluoroalkyl substances (PFAS), including regulated PFCA and PFHxS, where applicable
- Ozone Depleting Substances (ODS)
- Persistent Organic Pollutants (POPs)
- Asbestos, radioactive substances, or mercury
- Substances of animal origin

Additionally, Manufacturer does not conduct or commission animal testing for any purpose.

Additional Regulatory References

Based on available information, the product has been reviewed with reference to the following regulations and standards, where applicable:

- California Proposition 65
- CPSIA (Lead and Phthalates)
- EN 71-3 and EN 71-9 (Safety of Toys)
- TSCA Section 6(h) - PBT substances
- Toxics in Packaging Clearinghouse (TPCH)
- Maine & Washington State Chemicals of High Concern

These references are provided for general regulatory context and do not constitute application-specific certification or compliance for any end-use

This declaration is provided to the best of our knowledge and based on information available at the date of issuance, including information provided by our raw material suppliers.

Please note that this declaration does not *cover*, and no responsibility is accepted for, the following cases:

- Any modification of the supplied product by the addition of other materials.
- Any adverse alteration of the product resulting from further processing, conversion, or handling by third parties.
- Inadequate or improper use, storage, or application of the product or any finished goods made from it.
- The responsibility of the manufacturer of the final article to assess and ensure its compliance with applicable regulatory requirements.

Sincerely,

GVDirect Inc.
