PODTOPIC-380RZ AUTO

Made in
South Korea

The PODTOPIC-380RZ AUTO single-sided laminator is a specialty finishing system that meets the needs of on-demand print shops as an excellent complement for most digital print engines. This unit comes standard with deep pile fully-automatic feeding head. Unique flying knife sheet separation, works excellent with all film types including nylon. The PODTOPIC-380RZ AUTO has an adjustable de-curling system that creates consistent flat output. The PODTOPIC-380RZ AUTO is capable of both laminating as well as SleekerDigital™ finishing technology which allows for variable data foil stamping, spot varnishing and holographic effects on digital outputs. The PODTOPIC-380RZ AUTO is the professional and economical addition for in-house on-demand lamination and specialty finishing.

Deep Pile Fully-Automatic Feeding Head

Pneumatic Chrome Roller
