Film Roll Lift

Film Roll Lift

- The film roll lift is a simple lifting mechanism for easy film reel replacement in the machine. Replacement of even large film reels can be handled only by one person without problems.

GVDirect[™] diligently works to ensure our performance lineup of laminate films, digital technologies, equipment, and all things finishing work for our customers to gain consumer attention and market share. GVDirect[™] diligently endeavors to deliver value in service, product, and equipment that surpass market demands, support productivity, and uphold social and environmental integrity.
