REVO-T14

The Revo-T14 is a fully automatic encapsulation laminator that combines automatic feeding, laminating and cutting in one machine. Paper feed holds up to 300 sheets and runs automatically with just a push of the start button. The Revo-T14 includes a six roller system (2 steel) that allows for consistent quality with thin and thick paper stocks. With a short warm up time of five minutes and four heated rollers, encapsulation is easy, fast and consistent - saving valuable time for other tasks.

FEATURES

- Use as a desktop system or floor standing
- Automatic paper feed, laminate and cut in one process
- One button push start - will stop automatically when complete
- Six roller system delivers consistent quality with four heated and two steel rollers
- Simple access from top for easy film roll change and roller cleaning
- Runs continuous length and max. 12" width
- Two cooling fans for superior encapsulation transparency
- Internal rotary cutter for improved safety
- Compact design takes up minimal space
- Great for in-plants, print and copy shops

Revo-T14 shown with cabinet/stand. Hinged door keep supplies and film conveniently stored.
