QTOPIC-380 DUPLEX

The QTopic-380 DUPLEX double and single sided laminator is a specialty finishing system that meets the needs of on-demand print shops as an excellent complement for most digital print engines. This unit comes standard with semi-automatic feeder, or an option is available with a deep pile fully-automatic feeding head. The QTopic-380 DUPLEX has an adjustable de-curling system that creates consistently output. The QTopic-380 DUPLEX is capable of laminating 2 sides or one side as well as SleekerDigital™ finishing technology which allows for variable data foil stamping, spot varnishing and holographic effects on digital outputs. The QTopic-380 DUPLEX is the professional and economical addition for in-house on-demand lamination and specialty finishing.

Quick load film mandrels. Run 1 and 2 sided jobs on same laminator.

Touch Screen and Speed Control

SleekerDigital™ Technology bonds metallic foils, spot gloss and holographic effects to digital print.
