

# XDC-530 Micro

## VIVIDCOATER

The XDC-530 Micro is a low maintenance, ultra-violet cured coating system. It has a 20.75" max width sheet size, and small footprint that doesn't sacrifice features like vacuum hold-down and adjustable IR lamps. The XDC-530 Micro is Graphic Whizard's most popular selling UV Coating model. Add the low cost PT 330PF or high pile PT 520PF Pile Feeder to your configuration to automate your production for longer runs.

### FEATURES

- Recycles UV fluid to eliminate waste
- IR lamp with adjustable intensity
- Polished chrome metering and bottom rollers
- Stainless steel doctor/wiper blade
- Vacuum cooled UV lamp
- Forward and reverse controls for easy clean up
